SERVICES :

SECURITY GUARD

Top Star Group's tough & trained guards perform guard duties like maintaining a record of visitors, checking for hazardous equipment possessed by an individual with the help of metal detectors, scanners, under vehicle weapons etc. Top Star Group has been providing industrial security to clients for their businesses spread pan India. Security managers see to it that the security guards are performing their duties as expected. Patrolling is usually a large part of a security officer's duties, as most incidents are prevented by being looked for instead of waiting for them to occur. We also provide Lady Security guards for varying concerns.

BODY GUARD

We provide guards for individual security and ensure that our clients stay safe and secure wherever they are. The duties include providing round the clock security, staying alert of potential threats around and other needed services. Body Guard services are also provided to protect your interest in your absence for you to stay tension free when you are away from them.

CLOSE PROTECTION

With the growth of Top Star Group, we have incorporated international security to our group which is here to provide global level security to our clients. For close protection, high level security operations for an individual are carried out and activities are planned while maintaining a secure border for the client. Duties of a close protection officer include planning routes, pre-searching rooms and buildings where the client will be visiting, researching the background of people that will have contact with the client, searching vehicles, attentively escorting the client on their day-to-day activities, etc.

INVESTIGATION

By Investigation, Top Star Group assures in depth study of the subject and delivery of best results. Here we perform investigations for pre-marital checks, spouse cheating threats and other cases relating to abduction, missing reports and private & corporate abuses. Our detectives perform thorough background checks and ongoing details of the subject are recorded.

TRAINING CENTER :

At Top Star Group, we give utmost importance to the training that is given to all potential guards. We have a specially dedicated training center at which each guard has to undergo rigorous training for 90 days before they could perform their formal duties. At the Training Center we ensure that the guards are trained not just for the awareness and importance of safety, but also for their physical and inner strength to guard against any danger. For 90 days they are trained by experts for which makes them hard built to cater to any endangered need. The training covers multiple segments like strength testing and various combat sports like boxing, martial arts, kick-boxing, karate, etc. to ensure efficiency of guards. We train the security personnel for reputed companies theoretically & practically for Security duties viz firefighting & terrorism, Bomb diffusion along with its methods of search / evacuation, etc. Post training, they could crack mysteries surrounding your concern and help you find a solution for the problems like theft, vandalism, abduction, missing cases, etc.

After this 3-month long training process, each employee goes through the certification process as prescribed by the Government of India. No employee is allowed to report to their duties unless they hold a valid Government certificate of being fit and suitable to be a person responsible for other's safe living. Along with Government procedures, guards are required to disclose all details to Top Star Security Group in order to maintain a clean record of guards assigned to different clients. Also, their details are checked and verified by Top Star Group's legal experts to prevent any frauds or breach.

RECRUITMENT POLICY/TRAINING & DISCIPLINE

TOP STAR Security & Allied Services give preference to the recruitment of Ex 'Servicemen' who are well disciplined dedicated and discharge their duties with loyalty and sincerity. While recruiting security staff of different categories we ensure candidates are from respectable families with good character, educated and with good physique. We also carry out police verification to make sure the people we employee are from a good back ground and honest. In addition to above we also maintain proper records with photograph, copy of ration card (Where ever required) and copies of educational qualification certificates etc.
